

3NT REBID BY OPENER

After opening one of a suit, opener can jump to 3NT two very different ways (TWB #635):

- 1) Partner has NOT shown a good hand - a long, solid suit with outside values. e.g. 1♥-1NT-3NT on a solid 6-card major (18-20), or 1!m-...-3NT on a solid 7-card minor with an outside A/K.
- 2) Partner HAS shown a good hand (a game-forcing 2-over-1) - extra values with stoppers in the unbid suits. e.g. 1♥-2♦-3NT (15-17).

A 2NT rebid instead would show a balanced 18-19; the 3NT jump is about a source of tricks (a running suit) or stoppers, not just points.
