

JACOBY 2NT

Five different Opening hands can be described after a major suit open and a Jacoby 2N response. The percentages

are the approximate frequency of occurrence for the various hand types. Use the (Leveled) script to even that out.

- 4x (08%) - any strength with a good (5-cards with 2+ of top 3) second suit
- 3x (43%) - any strength with a singleton/void
- 3M (03%) - 18+ Semi-Balanced
- 3N (12%) - 15-17 Semi-Balanced
- 4M (34%) - 12-14 Semi-Balanced
